Hanes stands out for quality, innovative products and exceptional value.

FLEECE

FASHION-FORWARD

Is any brand better known than Hanes? Hanes® (asi/59528) products are in eight out of 10 households, and Hanes consistently ranks in the top of all apparel brands. Hanes is the consumer's choice for products that deliver on both quality and comfort.

The Hanes nano collection features lightweight ringspun fabrics driven by consumers looking for fashion-inspired apparel commonly seen in high-end retail stores. In addition to new core colors of black, navy and deep red, the collection offers a vintage color palette that achieves the look and feel of garment-dyed fabric. Garment-

dyed apparel is a huge trend in retail, and consumers love the "washed" look that makes the garment feel more like a vintage art piece than a new sweatshirt.

The 7.2-oz., 80% ringspun cotton/20% polyester Hanes® nano collection is a lightweight, premium-quality fashion fleece that comes in sizes S to 3XL, and is available in Full-Zip Hood, Quarter-Zip Hood, Pullover Hood and Crew styles.

“More options to assist your client in upgrading their image.”

BLAZERS

REINVENTING YOUR IMAGE

While other companies have limited their new product introductions, Maxwell Park Blazers (asi/40637) has been adding additional colors each year to give you more options to assist your client in upgrading their image.

The two-button, fully tailored designer blazers are now available in 17 diverse colors.

“Now you can outfit your club, church, school, university, organization, corporation, casino or security personnel in your exclusive

color,” says Michael Saxon, vice president at Maxwell Park Blazers. They are ideal for embroidery, company logos or emblems.

The blazers are available in men’s and women’s styles. They are fully lined, lightweight, wrinkle-resistant and fit true to size. Big and tall sizes are also available.

“We have all sizes in men’s blazers from 34 Short all the way up to 64 Extra Long,” says Saxon. “Women’s sizes run from 0-30, including Regular, Petite and Tall.”

CUSTOM APPAREL

FASHION-FORWARD

What began as a small custom-apparel company based in Dallas is now a dynamic, fashion-forward apparel manufacturing and custom decorating facility. Over the past decade, In Your Face Apparel (asi/62494) has evolved into an apparel company focused on innovative product development, fashion trends and producing the highest-quality products.

“We have our own brand of blank apparel and we specialize in unique decorating processes,” says Doug Stayman, owner of In Your Face

Apparel. The company is able to meet all custom apparel and decorating needs.

Manufacturing is done completely in the U.S. The company has manufacturing facilities in New York and Los Angeles, and ships coast to coast with fast turn times.

In Your Face has achieved great success in the promotional product industry, including “The Select” for Excellence in Products and Services through ASI ratings from distributors, and countless awards.

QUALITY IS OUR TRADITION

A CENTURY OF SERVICE

Berne Apparel (asi/40260) began making durable, affordable workwear in 1915. Since then, the Indiana supplier has built upon its tradition of unbeatable quality and unbreakable apparel. The strong work ethic that keeps Berne's customers so productive is the same ethic that makes the supplier the go-to source for faultless workwear.

MORE PROMO INDUSTRY-FOCUSED

As our second century begins, Berne is renewing its commitment to the promotional industry and our partners. Our competitive pricing allows you, the reseller, to offer a great product at a fair price and still make a great profit.

“ ANSI/ISEA approved Hi-Visibility apparel. ”

SAFETY GEAR

WHY HIGH-VISIBILITY CLOTHING?

Adopted in 2008, the Federal Code 23(FCR23) states that all workers exposed to traffic or equipment within the right of way of a Federal Aid Highway must wear ANSI Class 2 or 3 high-visibility garments. This law was created as a response to an increasing number of roadside injuries and accidents.

GSS Safety (asi/58492) specializes in manufacturing a variety of ANSI/ISEA approved Hi-Visibility apparel while constantly striving to protect workers from the serious hazard of low visibility. GSS offers

many styles and designs to satisfy the needs of their customers, including vests, T-shirts, waterproof jackets, rain gear and more.

THOROUGHLY TESTED

GSS Safety products have been tested by most International standards such as ANSI/ ISEA 2010:107 and NFPA 701-2004. As a direct manufacturer, GSS provides fast turnaround in addition to private labeling, logo imprinting, custom designs and unique packaging upon request.

STEP IT UP

PERFORMANCE-QUALITY

By selecting only the best yarns, Pro Feet (asi/79707) creates socks with superior moisture wicking and bacteria/odor resistance. Add a custom knit-in design, and these immediately become a uniquely personal promotion, perfect for any brand.

A lot of thought goes into the design and manufacture of Pro Feet's high-quality socks. With features like arch support and knit-in heel and toe, wearers can count on a comfortable fit and lasting durability.

BEYOND TEAMWEAR

Of course, socks from Pro Feet make ideal teamwear, but there's no need to limit your imagination – or the design talents of the North Carolina supplier – to athletics alone. Add a knit-in logo to create the perfect wearable for clients in or anywhere quality and value make people stand up and cheer.

“ The ultimate hands-free flashlight. ”

HATS

EVOLUTION

Since Panther Vision (asi/75825) filed its initial patent in 2002, the supplier has led the way in creating highly useful illuminated headwear for the promotional products industry. These designs represent the ultimate hands-free flashlight, cleverly disguised as fashionable headwear. The product has evolved from forward-lighting to concealed under-brim lighting available in 2, 4 and 6 LED configurations featuring task and distance lighting options. The 4-LED fleece beanie hats are Panther Vision's latest innovation for comfort and warmth.

MANY USES = MORE IMPRESSIONS

In addition to its four main product lines, Panther Vision also offers specialty lighting systems and styles for hunters, pilots, runners and safety. All models are designed for decorating and can be washed. These caps make very convenient tools, and include replaceable batteries and solar-powered options available for custom orders. POWERCAP® is the solution for anyone who desires clear vision in poorly lit locations while having both hands free for other tasks. These are promotional products that work!

T-SHIRT
#MC180

T-SHIRTS

THE BETTER BASIC TEE

The Keya brand (asi/64602) was introduced to the market in 2012.

“The company’s #1 style is the MC180, which is the 5.3-oz. ringspun cotton T-shirt available in 23 colors in sizes S-5X,” says Greg Brown, senior vice president.

“Keya T-shirts feel better because they are 100% ringspun cotton,” Brown says. Keya uses a ring-spinning process to make the fabric, softer, stronger and more comfortable.

And now, the better basic tee has gotten even better. Keya has improved its T-shirts with higher stitch counts, less shrinkage and an expanded inventory.

In the 5.3-oz. category, Keya offers adult short-sleeve and long-sleeve, as well as youth short-sleeve in the same great colors. Keya also offers a 4.4-oz. and 6.1-oz. garment. All T-shirts are offered at great competitive price points, Brown says.

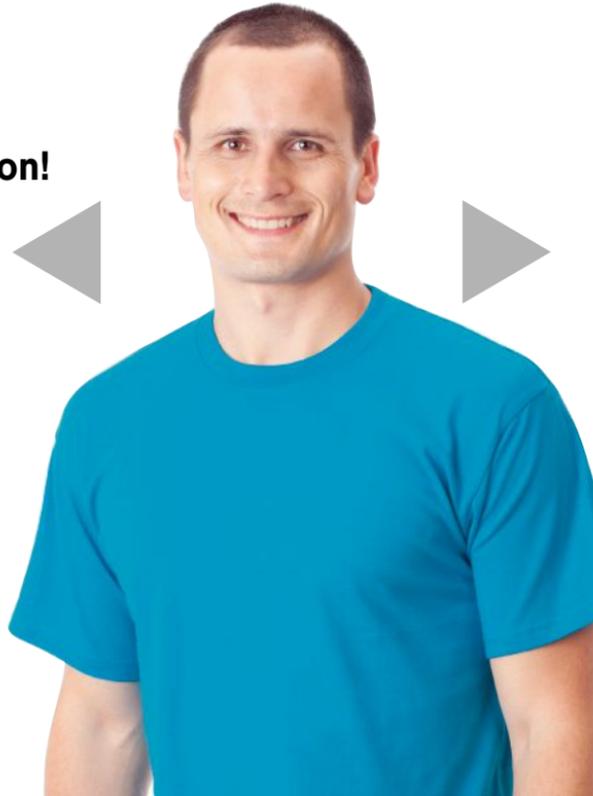

T-Shirts feel better because they are 100% Ring-Spun Cotton!

- ▶ 5.3 oz. Pre-Shrunk Jersey Knit
- ▶ Tear-away label
- ▶ High-stitch density fabric
- ▶ Double-needle cover-seamed neck
- ▶ Shoulder-to-shoulder taping

TEES

TRENDY DELTA

Delta Apparel (asi/49172) introduces its new Delta Soft line of T-shirts.

“We are very excited to introduce this soft and trendy line to the marketplace,” says Mary Bostwick, director of marketing and customer service. “Delta Soft adds another segment between the basic 100% cotton and the ringspun varieties for a lesser price.”

The Delta Soft line features 12600 Adults, 12500 Ladies, 12900 Youth and 12300 Juvenile T-shirt styles. All are made from 100% preshrunk soft-spun cotton and feature short set-in sleeves, a durable taped neck and

shoulder seams, and two-needle hemmed sleeves and bottom that won't unravel.

All of the styles feature a tearaway label that can easily be replaced with yours.

In the 12600 Adult style, white T-shirts are sewn with cotton thread for garment dyeing, and are available to size 3X. In the 12500 Ladies' style, a smaller rib-knit seamless collar gives it feminine appeal. Last, the 12900 Youth and 12300 Juvenile T-shirts are CPSIA (Consumer Product Safety Improvement Act) certified.

LADIES' REEBOK
SOFTSHELL

#7209

If brand awareness and style is what you're looking for, then look no further than Dunbrooke Apparel Corp. (asi/50930). The 7209/7208 REEBOK PlayShield Softshell jacket features bonded tech fabric that is breathable and water-resistant – "all in a stylish name brand you can trust," says Tom Flippo, senior vice president of Dunbrooke Apparel.

Dunbrooke also features a 7290/7291 REEBOK PlayDry sporty, colorblocked polo. "This moisture-management performance fabric will dry quickly without breaking the budget," says Flippo.

He says that the 3560/3332 Dunbrooke Team Polo and 5250/5251 Sonoma Softshell jacket are both "the best industry value in their product categories." The polo has the same performance features as the REEBOK polo and the jacket is a four-way stretch bonded softshell.

Dunbrooke has been a designer and manufacturer of promotional products for more than 75 years. From high-end fashionable corporate wear to durable workwear, the company is known for its quality jackets, knits, wovens, fleece, tees, headwear and accessories that suit a variety of industries.

Force 2000 Athletic Apparel (asi/55056) brings you Hooray Sport, the leader in sports and athletic apparel. The company specializes in team uniforms, sports apparel and warm-ups. You can create a promotional jersey with your logo or personalize it with your name to create the ultimate promotional item.

Hooray Sport has you covered for nearly every men's and women's sport. The company produces promotional apparel for basketball, baseball, football, hockey, track, cheerleading and more.

Versatile, multi-sport shorts and shirts are appropriate for a range of men's and women's sports. For instance, Hooray Sport offers women's apparel that can be used to play softball, volleyball and soccer. All-purpose shirts are appropriate for nearly any sport.

Mix and match apparel lets you completely customize the color, style and fabric of your Hooray Sport look. Mix and match options are available for warm-up jackets and pants, multi-sport shirts and shorts, softball jerseys and pants, and cheer tops and skirts. Youth boys and girls options include mix and match football pants and football scrimmage vests, track jerseys, reversible shorts including ones with side panels, and softball shorts featuring an elastic waistband, two snap buttons and a zipper fly.

Hooray Sport also offers screen printing, embroidery and tackle twill decorations.

POCKET V
#6245

“15 custom fabrics that represent the prime combination of softness and stretch.”

NEW SHIRTS & TANKS FOR MEN

CUSTOM FABRICS AND STYLES

Next Level Apparel (asi/73867) is known for the quality fabrics incorporated into its shirts, tanks and across its entire product line. The company has developed 15 custom fabrics that represent the prime combination of softness and stretch, and are suited to various types of embellishments.

Next Level Apparel's Original CVC is now available in the next generation of cotton polyester-blended, high-end jersey. Men's styles include the 6245 Men's CVC Pocket V, which is available in nine colors in sizes XS through 3XL. Another style, the

6233 Premium Fitted CVC Tank, speaks to the recent popularity of fashion tanks for men. Skate and surf companies are among the many markets for this men's tank, which is available in eight colors in sizes small through 2XL.

Next Level Apparel's Tri-blend fabric is a perfect blend that is incredibly soft and has great drape, stretch and recovery. Tri-blend styles include the 6071 Men's Tri-Blend L/S Crew, which is offered in 11 colors in sizes XS through 2XL, as well as the 6051 Tri-Blend Unisex 3/4 Raglan, which comes in 17 colors in sizes XS through 3XL.

“Superior fit, tougher fabrics and stronger construction.”

PREMIUM

FLAME-RESISTANT APPAREL

Broberry Manufacturing (asi/42057) brings you Carhartt, a maker of premium workwear with extraordinary durability. Carhartt’s trademarks are superior fit, tougher fabrics and stronger construction, so it comes as no surprise that flame-resistant Carhartt gear is a popular product category.

“Carhartt’s rigorous FR fabric and product testing set the industry standards. The category-specific garments are made, inspected and tested for specialized needs of certain occupations,” says Erin Tricker, vice president of sales.

These include the 101618 Flame-Resistant Duck Traditional Coat, a functional coat featuring a flame-resistant quilt lining that

makes it one of Carhartt’s warmest and heaviest outerwear pieces.

The FRS160 Flame-Resistant Twill Shirt with Pocket Flap has been field-tested to ensure that the fit, fabric and durability withstand all types of working conditions. It can be worn both on and off the job site.

The FRB13 Flame-Resistant Denim Dungaree is a highly rated garment that stands out for its comfort and durability.

The FRK006 Flame-Resistant Heavyweight Hooded Sweatshirt features a Rain Defender durable water-repellant finish that can combat rain, mist and snow moisture to keep a worker dry.

- > 11.75 ounce, 100% cotton denim

“Designed with the American tradesman and craftsman in mind.”

PROMOTIONAL

QUALITY WORKWEAR

Broberry Manufacturing (asi/42057) is the preferred partner of Carhartt. Carhartt was founded more than 125 years ago to provide the American worker with durable, premium-quality workwear at a fair price.

Today, Carhartt continues that commitment, making quality uniform garments as well as promotional product accessories that include footwear, bags, gloves and headwear.

“Although we are traditionally known for outerwear, Carhartt also makes durable sweatshirts, pants, shirts, boots, gloves and headwear, all designed with the American tradesman and craftsman in mind,” says Erin Tricker, vice president of sales.

The iconic J001 Duck Detroit Jacket is well known for its warmth without the bulk and durability on the job.

The J140 Duck Active Jac is sized for active workers and layering. The well-made jacket can stand up to the test of time.

The B11 Washed Duck Work Dungaree, available in a loose, original fit and in eight colors, can easily stand up to the elements.

Last, the classic K87 Workwear Pocket T-shirt has been called the “best pocket tee.” This durable best-seller comes in 16 colors.

[A] WASHED DUCK WORK DUNGAREE #B11

- > 12-oz. heavyweight, 100% ringspun cotton duck
- > Full seat and thigh for easy movement and flexibility
- > Convenient multiple tool and utility pockets

- > Tagless neck label

“ The most comprehensive performance workwear line in the industry. ”

WORKWEAR

HARD. CORE. COMFORT.

DRI DUCK Traders (asi/50835) offers the most comprehensive performance workwear line in the industry and is broken up into three important product categories: Rugged Essentials, Technical Performance and Caps & Bags.

The Rugged Essentials collection features Classic Workwear jackets that stand the test of time, Lifestyle jackets that can easily transition from the work week to the weekend and Performance Wovens, “designed for maximum comfort and mobility with hard-working fabrics that provide UPF sun protection, strength and durability,” says Nicole Parker, director of sales and marketing.

The Technical Performance collection is called DRI DUCK Extreme, or DDX. “From anti-static fleece to waterproof fabrics, it can accommodate the most demanding outdoor lifestyles,” Parker notes.

DRI DUCK also offers an assortment of caps and bags for the active worker and outdoor enthusiast. “We are best known for our Authentic Wildlife Series Headwear, which features one-of-a-kind hand-drawn art, brought to life through intricate embroidery,” says Parker. The expansive headwear collection now also features Industry Series caps highlighting DRI DUCK’s target markets: the 3330 Oil Field, 3331 Rail Yard and 3325 Mining.

“ Putting a brand name on socks causes people to remember you. ”

SUBLIMATED SOCKS

PROMOTIONS SOCK IT TO YOU

**BLACKOUT
18" TUBE SOCK**
#SC108

**BLACKOUT
18" SIDE PRINT
CREW SOCK**
#SC108

Illuminate your brand with Limelight (asi/67557), which recently debuted the Blackout Sock and two new sublimated sock packaging options: a retail box and packaging with a promotional header.

“One of our best-sellers for the past year and a half has been sublimated socks,” says Rick Whittier of Limelight, adding that the trend started in the youth market and then expanded into the corporate world.

Limelight’s socks feature fun, colorful, personalized designs that can be incorporated into a trade show or corporate promotion. The company has produced branded socks for movies, beverage companies, professional sports teams,

vitamin companies, high-tech and TV stations.

“They have always been a great hit,” Whittier says. “Putting a brand name on socks causes people to remember you.”

An image can be printed on either the sock’s front and back or sides. Limelight started out printing on classic white socks, but recently debuted another option – the Blackout Sock.

“It’s a new sock with a black interior that works great for most artwork,” Whittier says. With the Blackout Sock, the white material from the interior of the sock is no longer visible when the sock is worn.

asi/67557

SUBLIMATED SOCKS

SB102

Athletic Crew Length Socks

This sock is a fully sublimated calf length sock. It is available in sizes m-xl. It is taller than the sb101. The SB series feature Arch Support Antimicrobial Treatment Moisture Wicking Fabric Air Vents. This sock is white inside and out. We suggest that if you are doing full sublimation that you include some white in your art or a lighter color background. Darker art should be done on the SC series of socks.

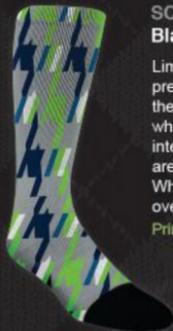

SC108

Black Out 18" Tube Sock

Limelights new blackout sock is the latest in grin through prevention. Normally when sublimating on white socks the white material from the interior of the sock is visible when the sock is worn. With the blackout sock the interior of the sock is black. The result is that when these are worn there are black lines visible between your art. When using art that is darker this is a great improvement over the white lines of our other socks.

Printed Front & Back

SC109

Black Out 18" Side Print Crew Sock

For those customers who want a black out sock with an imprint that shows up on the side of the ankle we have designed the SC109. The actual height on the calf does not differ much from the SC108. The heel and toe are black, but the main difference is that the SC109 is not printed front and back

SC110

Black Out 23" Knee High Tube Sock

This is another blackout sock. Like the sc108 it has black backwoven on the inside to prevent grin through. This sock is 23" making it a knee high sock. It is the only knee high sock on the market that will look as good on as it does in the drawer.

Printed Front & Back

“ When it comes to sweaters, we are the leader. ”

SWEATERS

SWEATER SMARTS

Image apparel made easy for over 50 years – that’s what Edwards Garment (asi/51752) stands for. The top 25 supplier is a trusted leader in logo-ready apparel, providing quality apparel designed to last.

“When it comes to sweaters, we are the leader,” says Taraynn Lloyd, VP of Marketing. Over 60 styles of premium-quality sweaters and vests include the Quarter-Zip Fine Gauge Sweater, which is offered in a lightweight cotton blend that can be worn year-round. Another style, the Twisted Knot 3/4-Sleeve Sweater for ladies, is perfect for work or weekend wear.

“Both sweaters embroider easily and can be worn in image apparel programs for banks, hotels, resorts, museums or entertainment venues,” points out Lloyd.

Edwards Garment provides:

- Sizes, styles and colors to fit every need
- In-stock availability and same-day shipping on blanks
- Custom on-site embroidery with no minimums
- Two-day delivery throughout the continental U.S.
- One order, one warehouse, one invoice.

NEON MAKES A BOLD STATEMENT

“ Embracing the return of the neon trend. ”

MESH
BACK
#MBW-600

Outdoor Cap (asi/75420) is embracing the return of the neon trend with caps and visors in hot, statement-making colors.

“The neon trend isn’t necessarily new; however, it’s making a bold comeback when combined with popular camouflage patterns and basic, solid colors,” says Janet Elzey, marketing director.

Outdoor Cap designs with a neon element include:

- TM-250 Visor Inserts, Crown Piping, a Q3® Performance cap
- AMW-100 Adjustable Moisture Wicking, which features a Q3® sweatband
- FWT-130 Heavy Garment-

Washed, Mesh Back, which is a No. 1 seller -CNM-100M Camouflage & Neon Mesh Back, which features a hook/loop tape closure. The neon pink is the ladies fit.

-MBW-600 Mesh Back, which features a plastic snap closure

-BSH-600 Frayed with Camo, which is heavily washed and frayed. The ladies fit is unstructured.

-CBI-305 Camo with Blaze Inserts, which features a blaze sandwich visor, crown inserts, eyelets and closure.

-MWW-100 ProTech Mesh Visor, which features a Q3® wicking sweatband

“The vivid, eye-catching colors make the perfect, wearable billboard for any brand looking for multiple impressions and to be remembered,” points out Elzey.

“ Outdoor Cap headwear is suited to nearly any market or industry. ”

OUTERWEAR

HIGH-IMPACT PROMOTIONS

Outdoor Cap's (asi/75420) caps and visors are for more than just a sports promotion. With many styles and colors available, Outdoor Cap headwear is suited to nearly any market or industry.

Outdoor Cap is putting a focus on neon styles, which work especially well with younger audiences or any company looking for a high-impact promotion.

Sport the CBI-305 Camo with Blaze Inserts, perfect for outdoor activities like hunting, fishing, hiking and more. The hat is made of 60/40 cotton/polyester with 100% polyester blaze trim.

The MWV-100 ProTech Mesh Visor is made for comfort and durability, featuring performance wicking properties. Colors include electric yellow. One size fits most.

The BSH-600 Frayed with Camo feature Realtree or Mossy Oak camo designs that incorporate neon for a bold, stylishly distressed look. The caps are great for a casual hunting look or for nearly any activity.

In July, Outdoor Cap introduced a new shape and colors for the MBW-600 Mesh Back. The six new colors include neon caps in charcoal/blaze and charcoal/neon yellow.

“ Inspiration from the active lifestyle and spirit of the Pacific Northwest. ”

ACTIVE LIFESTYLE APPAREL

QUALITY ENHANCEMENTS

Drawing inspiration from the active lifestyle and spirit of the Pacific Northwest, Cutter & Buck (asi/47965) prides itself on versatile apparel that meets the demands of an active lifestyle, showcased in its Core Collection.

“We celebrated our 25th anniversary this year,” says Ty Cannon, National Business Development Manager. “This is a true testament to how well Cutter & Buck has adapted over the years.”

Over the past quarter century, the company has been known for its high-quality embroidery, and since then, has added printed heat transfer, custom

appliqué, direct-to-garment printing, 3-D emblem and custom zipper pulls to its enhancement services, which are “trusted by some of the largest events, corporations, resorts and golf courses around the world,” says Chris Yaw, Corporate Business Director.

The NEW Spark Systems outerwear, featured here, can be mixed and matched, or each piece can be worn alone. The CB WeatherTec™ Trailhead Jacket, the CB WeatherTec™ Peak Full-Zip fleece and the CB WeatherTec™ Barlow Pass Jacket all stand up to the weather, while maintaining a stunning look and feel.

“ All of our designs can be custom-colored to create a unique classic or contemporary look. ”

TIE-DYE

CUSTOM-DESIGNED

With Kerr's Cotton Creations (asi/64510), you only are limited by your imagination. President and Owner Tim Tousignant says that what sets his company apart in the market is its use of the tie-dye process to create an extensive line of Decorator Friendly™ products, in addition to making traditional tie-dye designs.

“These designs have a solid area on the left breast or center of the garment for placement of logos or event decorating, but we still incorporate the fun of tie-dye into the design,” Tousignant says.

“All of our designs can be custom-colored to create a unique classic or contemporary look,” he says. Customized patterns can be designed using a choice of 26 dye colors.

“With our custom dye capability, you can create a custom-made fashion and a unique identity for your event, company, team or school,” Tousignant points out. The company's 17 stock garments include T-shirts, sweatshirts, tank tops and towels.

The Montana-based company can create a custom-dyed garment in three to five business days.

LANE SEVEN APPAREL

SIGNATURE APPAREL

Lane Seven Apparel (asi/66246) features the Signature Collection, including a vintage crewneck sweatshirt and harem pants.

“Our Signature Collection introduces a vintage-washed crewneck, a first of its kind,” president Nabeel Amin points out. “[It is] available in Black, Denim and Burgundy. The printability is just as great, which makes it all the more attractive.”

The LST003 Vintage Crewneck is made of 100% ringspun cotton fleece.

Another popular item in the collection is the LST005 Harem Pants. The ultra-fashionable pants are available in Black, Navy and Heather Grey, and made with 100% Ringspun Cotton Micro-Mesh fabric.

WHAT YOU WEAR MATTERS

"Since our beginnings as a brand, we've always considered our role in the world. We believe in social change through responsible business practices that respect people and the planet"

Alternative (asi/34850) has always considered its role in the world. We value the rights of our employees in all countries, believing everyone deserves a fair and safe workplace. Through responsible practices that respect people and the planet, businesses like ours can affect real social change.

Our commitment to sustainability is defined by creating products responsibly. Currently, sustainable fabrics make up 70% of our product line. Our eco fabrics use non-toxic, low-impact dyes as well as natural dyes. Our G2 Eco-Wash consumes 60% less water and

zero chemicals. And our finishing process employs biodegradable fabric softeners and natural enzymes.

What's more, we source the finest fiber, develop custom blends for softness and incorporate organic and recycled materials whenever possible as part of our fabric-first approach.

All these differences are why Alternative is more than just an apparel brand. We're part of creating a sustainable future.

THE SOFTEST FLEECE EVER

SOFT. SIMPLE. SUSTAINABLE

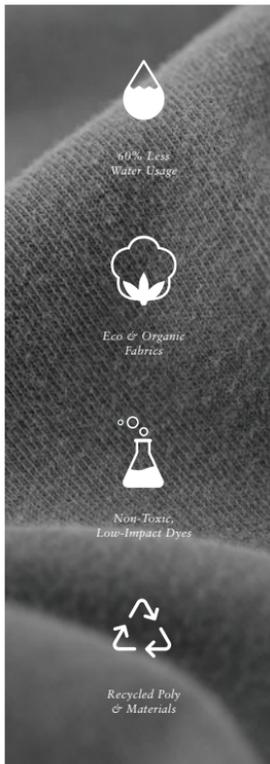

"Alternative is a fashion lifestyle brand that creates simply designed, eco-friendly clothes that people want to wear."

Focused on fabric innovation, Alternative (asi/34850) creates athletic-inspired, modern basics for a sustainable future. We design each product from the yarn up and innovate from thread to finish.

As a fabric-first company, Alternative is known for its super-soft signature fabrics—from classic combed and ringspun cotton to authentically weathered Burnout. Our retro-weathered Eco-Jersey and Eco-Fleece have become classics. Most recently, new fabrications like Washed Slub, Cotton Modal and Mock Twist have joined our proprietary lineup.

Because Alternative is a retail brand, our imprimables customers access the same styles that stock fine department stores and boutiques. Consistent media attention and a celebrity following contribute to the brand's strength. The core Alternative audience – socially and culturally aware 18- to 34-year-olds – is comprised of the most sought-after customers in the marketplace.

Not only a brand that stands for soft, comfortable clothing, Alternative is recognized as part of a growing movement of doers and disruptors – a diverse community of modern creatives who are reshaping the way we live by challenging the status quo in their industries and craft.

MODERN BASICS FOR
A SUSTAINABLE FUTURE

“ Prices that let you do more with your budget. ”

APPAREL

ULTIMATE SOFT TEES

PREMIUM
COMBED TEE
#LS15004

Lane Seven Apparel (asi/66246) is setting itself apart as a trusted source for quality apparel. They introduce new fabrics and styles each year with prices that let you do more with your budget.

“We just introduced our new combed 30 singles tees, adding an extra layer of softness and comfort to our already great tee,” says Nabeel Amin, president.

The LS15004 is a 4.3-oz. Premium T-shirt made of 100% ringspun combed cotton, currently available in eight colors. The ring-spun combed yarn ensures superior softness without having to put the tees under chemical washes for softness.

The LS15012 is a 4.3-oz. cross dyed 30 singles T-shirt made with 60% cotton and 40% polyester, giving the shirt softness and a heather look.

The LS14004 Crew Neck Sweatshirt, LS14002 Pullover Hoodie and LS14003 Full Zip Hoodie are tight-knit, ringspun fleece made with 80% cotton and 20% polyester.

All products have tearaway labels.

“Footprints USA is #1 in sandals and flip-flops.”

FOOTWEAR

FIVE-STAR SERVICE!

If you're looking for quality custom accessories for the school, resort or corporate markets, you're looking for Footprints USA (asi/55030).

With a wide selection, quick delivery and award-winning customer service, it's no wonder that Footprints USA is ranked an ASI 5-Star supplier in the promotional industry.

TEAM-BRANDED MERCHANDISE

Footprints USA is #1 in sandals and flip-flops, but they also have the solution to any fundraising goals your clients may have, far better than the same-old candy or discount

cards. With over \$1.5B in schools alone – not counting Little League, Pop Warner and the many community-based nonprofit organizations – the fundraising market is perfect for the consistent branding Footprints USA provides. Their popular “Woven Essentials” line contains over 60 items – more than enough to outfit any local youth teams or their college and pro counterparts. Come see why distributors rely on Footprints USA, and why they are the go-to source for custom footwear and a complete line of distinctively branded accessories.
